

Dear Parents,

As I said in Monday's email that accompanied the Community School Reopening Guide, we will have the ability this Fall to simultaneously educate students both in school and at a distance. In order for us to plan appropriately, we need to have accurate data on whether parents plan to have their children in school this August, or have them stay home for distance learning.

Would you please complete [this survey](#) in the next few days? It is short, and should not take more than a minute or two, though you will need to fill one out for each of your children. We would like all surveys completed by Friday, July 31.

Thank you for your help!

Sincerely,

A handwritten signature in black ink that reads "Bob". The letters are stylized and cursive.

Bob Cooke | Head of School
